

Dream. In the United States, we are a Nation of opportunity, a country that provides everyone the chance to follow their ideas, to innovate, to explore, to create, and to build.

In the United States, this Nation of opportunity is best represented by the millions of small businesses that make our economy grow and put our friends and neighbors to work. That's why I'm proud today to speak to recognize National Small Business Week.

More than two out of every three new jobs created in our country are made possible by small businesses. As we spend this week highlighting the innovations and successes of small businesses across the country, let us renew our efforts to help all Americans get back to work with bipartisan and commonsense legislation that helps these small businesses grow and hire new employees.

Madam Speaker, we must continue to work together to harness the full economic drive of the United States economy, and that drive is led by the men and women in the engine room of each and every small business across our great Nation.

#### IDAHO WILDERNESS WATER RESOURCES PROTECTION ACT

Mr. BISHOP of Utah. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 876) to authorize the continued use of certain water diversions lo-

cated on National Forest System land in the Frank Church-River of No Return Wilderness and the Selway-Bitterroot Wilderness in the State of Idaho, and for other purposes.

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 876

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,*

#### SECTION 1. SHORT TITLE.

This Act may be cited as the "Idaho Wilderness Water Resources Protection Act".

#### SEC. 2. TREATMENT OF EXISTING WATER DIVERSIONS IN FRANK CHURCH-RIVER OF NO RETURN WILDERNESS AND SELWAY-BITTERROOT WILDERNESS, IDAHO.

(a) AUTHORIZATION FOR CONTINUED USE.—The Secretary of Agriculture shall issue a special use authorization to the owners of a water storage, transport, or diversion facility (in this section referred to as a "facility") located on National Forest System land in the Frank Church-River of No Return Wilderness and the Selway-Bitterroot Wilderness for the continued operation, maintenance, and reconstruction of the facility if the Secretary determines that—

(1) the facility was in existence on the date on which the land upon which the facility is located was designated as part of the National Wilderness Preservation System (in this section referred to as "the date of designation");

(2) the facility has been in substantially continuous use to deliver water for the beneficial use on the owner's non-Federal land since the date of designation;

(3) the owner of the facility holds a valid water right for use of the water on the owner's non-Federal land under Idaho State law, with a priority date that predates the date of designation; and

(4) it is not practicable or feasible to relocate the facility to land outside of the wilderness and continue the beneficial use of water on the non-Federal land recognized under State law.

(b) TERMS AND CONDITIONS.—

(1) REQUIRED TERMS AND CONDITIONS.—In a special use authorization issued under subsection (a), the Secretary shall—

(A) allow use of motorized equipment and mechanized transport for operation, maintenance, or reconstruction of a facility, if the Secretary determines that—

(i) the use is necessary to allow the facility to continue delivery of water to the non-Federal land for the beneficial uses recognized by the water right held under Idaho State law; and

(ii) the use of nonmotorized equipment and nonmechanized transport is impracticable or infeasible; and

(B) preclude use of the facility for the storage, diversion, or transport of water in excess of the water right recognized by the State of Idaho on the date of designation.

(2) DISCRETIONARY TERMS AND CONDITIONS.—In a special use authorization issued under subsection (a), the Secretary may—

(A) require or allow modification or relocation of the facility in the wilderness, as the Secretary determines necessary, to reduce impacts to wilderness values set forth in section 2 of the Wilderness Act (16 U.S.C. 1131) if the beneficial use of water on the non-Federal land is not diminished; and

(B) require that the owner provide a reciprocal right of access across the non-Federal property, in which case, the owner shall receive market value for any right-of-way or other interest in real property conveyed to the United States, and market value may be

paid by the Secretary, in whole or in part, by the grant of a reciprocal right-of-way, or by reduction of fees or other costs that may accrue to the owner to obtain the authorization for water facilities.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Utah (Mr. BISHOP) and the gentleman from the Northern Mariana Islands (Mr. SABLON) each will control 20 minutes.

The Chair recognizes the gentleman from Utah.

#### GENERAL LEAVE

Mr. BISHOP of Utah. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days to revise and extend their remarks and to include extraneous materials on the bill under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Utah?

There was no objection.

Mr. BISHOP of Utah. Mr. Speaker, I yield myself such time as I may consume.

This bill was a great bill the first time we passed it, the second time we passed it, and it is still a great bill, and it's necessary for the good people of Idaho.

So I would yield such time as he may consume to the gentleman from Idaho (Mr. SIMPSON).

Mr. SIMPSON. I thank the gentleman from Utah for yielding.

Mr. Speaker, I rise today in support of H.R. 876, the Idaho Wilderness Water Resources Protection Act. This bipartisan, noncontroversial legislation is a technical fix intended to enable the Forest Service to authorize and permit existing historical water diversions within the Idaho wilderness.

A few years ago, one of my constituents came to me for help with a problem. The Middle Fork Lodge has a water diversion within the Frank Church-River of No Return Wilderness Area that existed before the wilderness area was established and is protected under statute.

The diversion was beginning to leak and was in desperate need of repairs to ensure that it did not threaten the environment and watershed, but it turned out that the Forest Service did not have the authority to issue the lodge a permit to make the necessary repairs.

As we looked into this issue, we discovered that the Forest Service lacked this authority throughout both the Frank Church-River of No Return Wilderness, where there are 22 known water developments, and the Selway-Bitterroot Wilderness, where there are three. These diversions are primarily used to support irrigation and minor hydropower generation for use on non-Federal lands. While the critical situation at the Middle Fork Lodge brought this issue to my attention, it is obvious to me that this problem is larger than just one diversion. At some point in the future, all 25 of these existing diversions will need maintenance or repair work done to ensure their integrity.

H.R. 876 authorizes the Forest Service to issue special use permits for all qualifying historic water systems in these wilderness areas. I believe it is important to get ahead of this problem and to ensure that the Forest Service has the tools necessary to manage these lands.

For these reasons, I have introduced H.R. 876. This legislation, which was passed by the House during the last two Congresses, allows the Forest Service to issue the required special use permits to owners of historic water systems, and it sets out specific criteria for doing so. Providing this authority will ensure that existing water diversions can be properly maintained and repaired when necessary and preserves beneficial use for private property owners who hold water rights under State law.

I have deeply appreciated the cooperation of the Forest Service in addressing this problem. Not only have they communicated with me the need to find a systemwide solution to this issue, but at my request, they have drafted this legislation to ensure that it only impacts specific targeted historical diversions—those with valid water rights that cannot feasibly be relocated out of the wilderness area.

H.R. 876 is bipartisan and non-controversial. It is intended as a simple, reasonable solution to a problem that I think we can all agree should be solved as quickly as possible. I am hopeful that we can move this bill through the legislative process without delay so that the necessary maintenance to these diversions may be completed before the damage is beyond repair.

I urge my Members to support this legislation.

Mr. SABLON. Mr. Speaker, I yield myself such time as I may consume.

This legislation provides common-sense access to maintain water facilities within the Frank Church-River of No Return Wilderness Area. These water features were present prior to the congressional designation of "wilderness" and are necessary to protect individual water rights in the State.

I applaud Chairman SIMPSON for his legislation, and I support the passage of this bill.

I yield back the balance of my time.

Mr. BISHOP of Utah. Mr. Speaker, in closing, when you have diversions that predate a "wilderness" designation, you need to give them the ability to maintain those diversions. This is a good bill.

I urge my colleagues to vote for it, and more importantly, I urge the Senate to finally do something and pass it.

I yield back the balance of my time. The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Utah (Mr. BISHOP) that the House suspend the rules and pass the bill, H.R. 876.

The question was taken.

The SPEAKER pro tempore. In the opinion of the Chair, two-thirds being in the affirmative, the ayes have it.

Mr. BISHOP of Utah. Mr. Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX, further proceedings on this motion will be postponed.

#### VIETNAM VETERANS DONOR ACKNOWLEDGEMENT ACT OF 2013 AMENDMENT

Mr. BISHOP of Utah. Mr. Speaker, I move to suspend the rules and agree to the resolution (H. Res. 264) providing for the concurrence by the House in the Senate amendment to H.R. 588, with an amendment.

The Clerk read the title of the resolution.

The text of the resolution is as follows:

"(ii) allow the Vietnam Veterans Memorial Fund, Inc. to submit a revised donor recognition plan."

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Utah (Mr. BISHOP) and the gentleman from the Northern Mariana Islands (Mr. SABLON) each will control 20 minutes.

The Chair recognizes the gentleman from Utah.

#### GENERAL LEAVE

Mr. BISHOP of Utah. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days to revise and extend their remarks and to include extraneous material on the bill under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Utah?

There was no objection.

Mr. BISHOP of Utah. Mr. Speaker, I yield myself such time as I may consume.

There comes a point in time when we are always asking the Senate to do something, and when they finally get around to doing something, they decide to mess it up by making it questionable by trying to expand it. This is a similar case in which we gave them a simple and good bill. They have sent us back something that is questionable and expanded, and we are going to give it back to them so that they just do it right the second time around.

With that, I would like to yield such time as he may consume to the sponsor of the original bill, the gentleman from Alaska (Mr. YOUNG).

Mr. YOUNG of Alaska. I thank the gentleman for yielding.

Mr. Speaker, over a month ago, the House passed the Vietnam Veterans Donor Acknowledgment Act by a resounding vote of 398-2. Unfortunately, a couple of weeks ago, the Senate substantially changed this bipartisan and noncontroversial piece of legislation. Instead of only allowing donor recognition at a soon-to-be-built Vietnam Veterans Education Center, the Senate changed the bill to allow donor recognition, across the entire Mall, on all future commemorative works. While I am not fundamentally opposed to this idea, neither the House nor the Senate has done any hearings to consider the implications of this issue. In fact, neither the House nor the Senate has done a markup on this issue to allow Members to add their input.

Mr. Speaker, put simply, this is just a poor legislative process, and the American people deserve better.

Today, we are here to undo what the Senate has done and to, once again, send the Senate a bipartisan and non-controversial bill. Today's resolution
